EDUCATION

UNIVERSITY OF CALIFORNIA, SAN DIEGO

B.S Cognitive Science, Human Computer Interaction
2017 - June 2021 (Expected)

Cum. GPA: 3.72 / 4.0

Awards

- Provost's Honors List

PROJECTS

TETRIS March 2018

- Developed a working Tetris game using Java.
- Increased usability by implementing a GUI using a JavaFX framework.

PERSONAL WEBSITE June 2017 - Present

- Utilized HTML, CSS, and Bootstrap to create a responsive website that showcases technical projects and a design portfolio.
- Incorporated JavaScript and JQuery to polish the website and improve the interactivity.

STICKERS Summer 2018

- Designed a series of sticker art showcasing different objects in a cartoon style.
- Drew the designs solely with CSS and HTML in order to improve CSS proficiency
